NinjaTrader 6.5

Step 1: Sign up with PFG:

<http://www.pfgbest.com/link/?go=ninja&CID=&LSD=thetradingauthority.com&LSC=3rd%20Party%20Website&BID=Foremost%20Trading&BEM=trader@thetradingauthority.com>

Step 2: Once you have completed the sign up process, you will receive two e-mails.

- One titled: **Best Test Ninja Simulated Account Open.**
- Another titled: **Ninja Trader Free License Key.**

Step 3: Open the e-mail titled **Best Test Ninja Simulated Account Open.**

Step 4: Click on the ‘Download Application’ to start downloading Ninja Trader. Save it to your desktop.

Step 5: Left click twice on the Ninja Trader icon titled ‘setup.exe’ on your desk top to begin installation.

Step 6: Open NinjaTrader

Step 7: Open the e-mail entitled: **NinjaTrader Free License Key** to access the license key needed for NinjaTrader.

Step 8: Enter the license key provided in the e-mail into the Ninja Trader platform, when prompted.

Step 9: Next, from within the Control Center screen of Ninja Trader click 'Help' from the main menu, then 'License Key' from the drop down menu and then enter your license key.

Step 10: Click on 'OK' and then close BEST Direct Ninja.

Step 11: Go to http://www.ninjatrader.com/webnew/support_PFG.htm. (You can find this link in the **Best Test Ninja Simulated Account Open** e-mail).

Step 12: Double left click the red download button right above where it says 'watch video'.

Step 13: Click 'save', and save to your desk top.

Step 14: Double left click the 'PFG Setup.exe' icon.

Step 15: Click 'Run' and follow the prompts.

Step 16: Open NinjaTrader

Step 17: From within the Control Center window, select "Tools > Account Connections..."

Step 18: In the Account Connection Set Up window, press Add...

Step 19: When the Connection Wizard opens click 'Next' on the first window. On the second window name the connection PFG and select 'PFG' from the Provider drop down menu and click 'Next'.

Step 20: In the connection options window the only numbers you should have to change or add are your Account Number, Access Key (found in the **Best Test Ninja Simulated Account Open** e-mail), Order Server IP address (38.115.151.214) and the Quotes Server IP address (38.115.151.220). Once all of this information has been entered, click on 'Next' and then 'Finish'.

Step 21: To connect to PFG select 'File' then 'Connect' then 'PFG', this will connect you to the PFG connection you just created.

Step 22: Close NinjaTrader.

Step 23: Go to: <http://www.triplethreatfx.com/lessons/module1/> and enter your username/password provided by Triple Threat FX.

Step 24: Download and install the files provided on the website.
